BUILDING*i* HELPS HOPELINK AND “KIDS NEED SCHOOL SUPPLIES” DRIVE

Seattle, WA – August, 19, 2010 – Building*i*, a leader in workplace software management solutions, is proud to announce the success of their “Kids Need School Supplies” drive for Hopelink that took place at their Issaquah headquarters this week.

As the new school year is only weeks away, many families and children struggle to afford necessary school supplies. Hopelink, which provides social services in North and East King County, helps needy families with their annual “Hopelink’s Kids Need School Supplies Drive.” As giving back to the community is one of Building*i*’s core operating principles,

Chief Operating Officer, Don Barnes, decided that this was a great opportunity for Building*i* to help Hopelink and thousands of kids in the area who have been hit hard by the tough economy.

Office Manager, Tracey Bernardo, led the effort by setting up donation boxes at Building*i*’s headquarters and an additional satellite location in order for employees to donate the needed school supplies. Within two weeks, these boxes were overflowing with backpacks, rulers, crayons, glue sticks, erasers and many more school supplies that will go on to benefit Hopelink families.

Don Barnes announced the success of the drive to the entire company adding, “There will be many families that feel your generosity as the school year starts and those students will be able to focus their whole attention on learning. I’m proud that with just a little help from each of us, we can make this big of a difference together!”

About Hopelink

Since 1971, Hopelink has served homeless and low-income families, children, seniors and people with disabilities in north and east King County by promoting self-sufficiency for all members of our community and helping people make lasting change. Hopelink assists people with meeting their needs for food, shelter, homelessness prevention, family development and stabilization, transportation and adult literacy skills. For more information on Hopelink and its services, call 425.869.6000.
